Kiosk Pre-Installation Guide

For Certified Operators

Complete this checklist before your installation date to ensure a smooth, professional setup.

Pre-Installation Checklist

1	ELECTRICAL []
	120V / 25-amp grounded outlet on a dedicated circuit. Must maintain 105V under load.
2	DOORWAYS []
	All doorways must accommodate delivery. Kiosk dimensions: 38.7" W x 36.6" D x 76.4" H
3	PLACEMENT []
	Kiosk must be placed indoors and away from heat sources.
4	PATHWAY []
	Path from loading dock to installation must be obstacle-free. No stairs. Level flooring. Shipping weight: 975 lbs.
5	VENTILATION & CLEARANCE []
	6" space behind kiosk for airflow. 36" clearance in front for door to fully open.
6	CONNECTIVITY []
	Obtain SSID and Wi-Fi password. Requires 2.4GHz band. Minimum 15 Mbps symmetrical.
7	COMPLIANCE []
	Contact local Health Department. Obtain permits. Schedule inspection if required.
8	NAYAX []
	Establish account, associate devices, download Nayax MOMA 2.0 app and link before installation.
9	SUPPLIES []
	All cleaning supplies ordered and confirmed on-site 1 week prior to installation.
10	CONSUMABLES []
	All consumables ordered and confirmed on-site 1 week prior to installation.
